Graduation

Graduation is an epoch in the lives of young men and women. As they leave their schools or colleges equipped intellectually for the battle of life, it is too often the case that they are ill prepared to grapple with its practical problems.

A gift of a Savings Account will go far toward remedying this defect; for it is the lesson of saving, of lving within the income received, that is the fundamental principle of success.

This institution welcomes Savings Deposits in any sum down to \$1,00, upon which it pays interest at the rate of 4 per cent.

grams Which Include a Play and Other Features.

The class day programs given by he graduating normal class and the ollege graduating class, held at the university yesterday, were well re-ceived by large gatherings of the graduates' friends and the students of the university. In the forenoon at 10 the normals gave their class program, and in the afternoon at 3 the college graduating class gave its program. The program of the normal students included a comedy in three acts, entitled "The Play Normal." Between the acts, Mrs. Sitzer rendered the solors and program upon Chifford Ashby, Jonathan Gibbs, Roy Groesbeck, Louise Hortense Hartwell, Mildred Leona Jensen, Frank Arthur Johnson, Maud L'Amphere, Frank Adams Mc-Junkin, Logan Meyer Morris, Noral Junkin, Logan Meyer Morris, Noral Pendleton, Lestie, Thomas Perry, Honormal Pendleton, Lestie, Thomas Pendleton, L acts, Mrs. Sitzer rendered two solos and eight girls of the Normal school gave a class dance. Those taking part in the playlet were Burton Driggs, Leslie Jones, Ivy Spencer, Marie Scobee, Ada Blank, LeRoy Shepherd, John Dalley, Fred Major, Mabel Lubeck, Della Carruthers, Anna Williams and Geneva

The program given by the college graduating class in the afternoon was a great success. An original medley, written by Miss Erma Pendleton and Miss Eleanor Prout, in which the sixteen girls of the class took part, represented small bits of student life. The class oration, given by Fred Worlton, was perhaps the best oration ever given at a class day program. In his address, Mr. Worlton dwelt on the responsibilities of the college student. The program given by the college students was:

Mr. Hewlett's main object is to buy the latest up-to-date machinery for making tin cans. It is conceded that one of the needs of Salt Lake is a fac-tory of this kind. There are many small industries which use cans every day, and a factory of this kind to sup-ply them would be a great help. Another purpose for which Mr. Hew-lett goes east is to buy machinery for packing such things as rice, taploca

and similar products.

Since the passage of the pure food laws, practically all commodities used as food for the homes are being demanded by housewives in sanitary, airtight packages.

AIRDOME CLOSES, BUT MAY OPEN AGAIN SOON

After a little over a week's run, the Airdome, on West Third South street, closed last night. When asked regarding the closing and the future plans of the company, Manager Allan Elmore said:

"We have closed the Airdome tem-porarily on account of financial difficulties encountered. One of the persons interested in the new undertaking withdrew from the partnership. The place has proved popular from the beginning, as was evidenced by the way the attendance increased from night to night, but the obligations incurred at the outset were too heavy to meet and at the same time pay the salaries of the players.

"We will have the papers for the reorganization of a stock company drawn up temorrow. All of our players have been retained, and we will reopen next Saturday evening."
